

Traitors, Treason and the Enemy Within

“We have met the enemy, and he is us,” said comic strip character Pogo. America’s enemies have infiltrated her government and riddled it from top to bottom. The “Trojan horse” has long been among us. America’s “gay” president has compromised America’s security. From Communist party influence to the Muslim Brotherhood, the Obama administration has turned its back on our friends and cozied up to our erstwhile enemies. The forces of evil have risen up among us. How did it happen?

William F. Dankenbring

Dinesh D’Souza, author of the new book *Obama’s America* and co-director of the movie “2016 – Obama’s America,” in an interview with *Newsmax* stated that President Barack Obama has “emboldened our enemies” and fueled their attacks such as the assault on the U.S. consulate in Benghazi, Libya.

Said D’Souza, “The important point is that Obama deliberately undermined our allies and doesn’t seem to mind so much when forces hostile to America come to power.” He cites Egypt where a power struggle has gone on between the military and the Muslim Brotherhood in which Obama threatened to cut off military aid to Egypt unless the military turned power over to the Muslim Brotherhood.

D’Souza charged, “Obama knows full well that weakening the hand of the Egyptian military will consolidate the power of the Muslim Brotherhood and that’s why he is doing it.”

Meanwhile, scattered across the United States, unknown to all but a handful of citizens, are 35 Islamic terrorist training compounds known as “Muslims of America.” Under the leadership of a radical Pakistani cleric, Sheikh Mubarak Gilani, Muslims of America has thousands of devoted followers who are being groomed for “homegrown jihad.” In never-before-seen video footage, the Christian Action Network exposes these dangerous terrorist compounds and reveals for the first time a secret training tape in which American Muslims are recruited to “join one of the most advanced training courses in Islamic military warfare”—right here in America! They are called “Soldiers of

Allah” and they are trained in explosives, kidnapping, murder, firing weapons, and guerrilla warfare. They are told “Act like you are a friend, then kill him just like from the book.”

How did all this come about? What is happening to our once beloved country?

Abraham Lincoln’s Warning

In 1838, Abraham Lincoln said in a speech, “At what point, then, is the approach of danger to be expected? I answer, if it ever reaches us it must spring up amongst us. It cannot come from abroad. If destruction be our lot, we must ourselves be its author and finisher. As a nation of freemen, we must live through all time, or die by suicide.”

On June 16, 1858, more than 1,000 Republican delegates met in the Springfield, Illinois, statehouse for the Republican State Convention. At 5:00 p.m. they chose Abraham Lincoln as their candidate for the U.S. Senate, running against Democrat Stephen A. Douglas. At 8:00 p.m. Lincoln delivered this address to his Republican colleagues in the Hall of Representatives. The title reflects part of the speech's introduction, “A house divided against itself cannot stand,” a concept familiar to Lincoln's audience as a statement by Jesus recorded in all three synoptic gospels (Matthew, Mark, Luke).

Today, America is in danger of committing national suicide. Today, America is more divided than at any time during its history since the Civil War. Today, America is beset with betrayal at the highest levels of government, and chaos and oblivion are staring us in the face. The future is dire – ominous. The Obama agenda has woven a spell over millions of Americans, putting us in extreme jeopardy as a free nation, and our status as world superpower is being swept away by stealth forces and subversive actions.

It is high time we wake up to the danger – before it is too late!

The Libya Scandal

Former House Speaker Newt Gingrich blasted the Obama administration’s handling of the terrorist attack in Benghazi, tweeting that the growing scandal is bigger than Watergate. Declared Gingrich, “No one died at Watergate! The Obama lies about Benghazi and Biden's deliberate lies Thursday night should be a bigger scandal than Nixon.”

Gingrich said it is clear that Vice President Joe Biden was lying about the incident during his debate with GOP vice presidential challenger Paul Ryan. “It is clear the Obama team decided to have the vice president lie about an event that killed four Americans, including an ambassador,” Gingrich asserted.

Commentator Rush Limbaugh declared, “One month, one month after Al-Qaeda successfully attacked the consulate and killed four Americans including our ambassador, our president is still saying on the campaign trail that Al-Qaeda’s on the run. Now, I want to know what information Obama had. What information did Obama have, what was in those intel briefings, what would he have been told if he had actually allowed himself to be briefed?”

“I’ve got zero doubt that the campaign is running this whole show. The campaign’s running the story on the video. The campaign came up with that whole cover-up. The campaign is involved in Mrs. Clinton taking a hit. The campaign sent Susan Rice out. Not the administration. Not the regime. This is a cover-up.”

The Cover-Up

Why the cover-up? What has gone wrong with the Obama administration? Why have the wheels come off America’s foreign policy in the Middle East?

The real story is shocking – stunning – mind-boggling.

President Barack Obama has been skipping more than half of his Presidential Daily Briefings. His State Department sent an ambassador to war-torn Libya, but did no threat assessment before handing him a consulate in Benghazi, Libya. Benghazi isn’t exactly a tourist destination. In the post-Gaddafi Libya that Obama helped create via a war of dubious legality, Benghazi is a lawless hotbed of al-Qaeda and related terrorist activity. The consulate in Benghazi was given no Marine protection and in fact did not have the standard security arrangements at all. It was protected by local militias for hire. Such arrangements tend to find cheap local fighters of highly questionable loyalty.

Study the time-line of the Libya breaking news and the Obama administration’s response.

On Sept 8, 2012, the U.S. government starts to get warnings that [terrorists intend to strike in Cairo, Egypt](#), and in Libya. Threats in Libya against the U.S. ambassador there had been ramping up for *months*. On Sept 11, 2012, the terrorists strike and in Libya, they sack the largely unprotected U.S. consulate and murder the ambassador along with three other Americans.

On that evening the U.S. embassy in Cairo denounces a YouTube video as the inspiration for the attacks. The Obama administration in Washington is silent, though it learned of the attack on the consulate in Benghazi within 90 minutes of its beginning. The president himself learned that Ambassador Chris Stevens was missing as a result of the attack, yet went to bed and learned of Stevens’ death the following morning. The day after the attacks, President Obama and Secretary of State Clinton suggested that the attack was both an act of terror and a response to the YouTube film, which had been produced by an obscure figure who may be a con man in the United States (and then Obama jetted off to Vegas for a fundraiser). In the ensuing days, the Obama

administration would tell America that the attack in Benghazi was “spontaneous,” not pre-planned, though the U.S. intelligence community viewed that attack as a terrorist strike within the first 24 hours.

That same week, the chairman of the Joint Chiefs of Staff, Gen. Martin Dempsey, called an obscure anti-Islamist preacher in Florida to urge him not to support the obscure YouTube film lest more riots and violence occur. At the end of that week, the Obama Justice Department had tracked the obscure filmmaker down in California, publicly identified him, and roused him at midnight from sleep for “questioning.” That filmmaker is now in jail on probation violations. As of yet, the word “scapegoat” has not been used by anyone in the mainstream media to describe what has been done here. So for any intrepid reporters out there reading this, that term is yours for the taking and the shaping. No need to credit me.

The Obama administration’s false version of events continued on Sunday, Sept 16, 2012, when the administration sent U.S. Ambassador to the United Nations Susan Rice on five nationally televised political talk shows to describe the Benghazi attack as “spontaneous.” Rice said that, according to the intelligence she had received, the attack was not pre-planned and was a response to the YouTube movie. That has turned out not to be true, at all.

Despite the fact that administration officials including the president’s own spokesmen have publicly described Benghazi as a terrorist attack, President Obama used his address to the United Nations to blame the film, again.

Shocking Revelations

Then, in late October, whistleblowers have reported even more scandalous, unbelievable actions of the Obama White House in its handling, bungling, and mind-blowing decisions concerning the Benghazi attack. We now know that the White House, CIA, and U.S. Military were getting live on site streaming film of the terrorist attack from drones flying over the compound – that for seven hours the whole episode was being watched from the White House situation room, and despite three separate calls for help from the besieged Americans, the Obama White House, led by culprit-in-chief Barack Obama, decided to do nothing to intervene and save the Americans in peril. Seal Ty Woods, in a compound one mile from the Benghazi consulate, heard the noise of the machine gun fire and mortar attack, and messaged his superiors in the CIA three times requesting help, and was told to “stand down.” He on his own went to the consulate and attempted to save the people there, and did save thirty people, but could not save the Ambassador and his aide. Later the CIA compound itself came under attack, and he again requested military help and was firmly denied, and was killed in the action.

Who made the decision to deny help for the beleaguered Americans and those in harm’s way? Only the president would have the authority to make that decision. The culpable neglect of the White House, Obama and his sychopants, who all participated in this immoral decision, this cowardly act, will go down in history as one of the most

shameful and sordid episodes in the annals of American history.

Why would the White House attempt to absolve the Muslims of responsibility and blame a small U-tube video for the violence? Why would they lie about a “mob” being involved? Why would they deny “help” to Americans in grave danger, under attack, even though military forces were only an hour or two away?

The hands of the president, and his cohorts, are dripping with the blood of heroes – as President Harry S. Truman once said of the office of president, “The buck stops here.” The responsibility for this cowardly inaction lies with the White House.

The Muslim Threat

One of the biggest threats facing the future of America is Islamic extremism. Over the past few months, groups affiliated with the Muslim Brotherhood attacked our embassies and consulates throughout the Muslim world. An American ambassador and three other Americans were murdered in Benghazi. Meanwhile, President Obama was making the rounds of TV talk shows, meeting with show biz personalities, and neglecting 40% of his intelligence briefings. The responsibility for these horrors stops at the White House.

Meanwhile, members of the Muslim Brotherhood have been carrying out a long term plan to infiltrate the United States at all levels of our government.

In 2001, an inconspicuous manifesto now known as *The Project* was recovered during a raid in Switzerland: A manifesto that turned out to be a Muslim road map for infiltrating and defeating the West. Today, files containing evidence from the largest terror financing trial in U.S. history, which include details about *The Project*, are being withheld by the Department of Justice.

The Islamic menace has made vast headway in the United States, Great Britain, and Europe. The infiltration of extremist Moslems has been the greatest conspiracy of modern times.

At the heart of the problem are perilous policies of the Bush administration, and America’s ties with Saudi Arabia, the source and hotbed for Muslim Wahabism extremism and fanaticism, and even more dangerous policies and acts of the Obama administration. Both administrations courted the favor of Arab-Muslim oil exporting nations in the Middle East, to the detriment of Israel, our long-standing greatest ally in the gulf region. But the Obama administration has pulled out all stops in subverting the Israeli cause and pushing Israel into a very dangerous spot, while extending an olive branch to the extremist, dangerous, terrorist-ridden Muslim Brotherhood.

Obama’s Middle East policy has failed to bring peace or the respect or friendship of the Arab-Muslim nations. The overthrow of Quaddafi in Libya due to American and European support of the Muslim Brotherhood, during the Arab Spring, has led to the

terrorist attack on the American Embassy in Benghazi, Libya, and the death of four Americans, including the Ambassador. The overthrow of Hosni Mubarak in Egypt, supported by the United States, has resulted in an attack and mob demonstration on the American embassy in Cairo, and the coming to power of a radical jihadist, a leader of the Muslim Brotherhood, Mohammed Morsi.

America's leap to the support of the Muslim brotherhood has paved the way for the creation of a Muslim Caliphate in the Middle East, with Egypt, Libya, the Sudan, and the Gulf States, united against Israel and the West. Turkey, Syria, and Lebanon, and Iraq, may also become a part of this new dangerous political entity, which itself has nuclear aspirations and hates Israel.

How dimwitted and dumbed-down could we be?

A surreptitious stealth campaign has subverted American strength, government, and national policy, putting us in grave peril of our existence.

Obama's Ring

As a student at Harvard Law School, then-bachelor Barack Obama's practice of wearing a gold band on his wedding-ring finger puzzled his colleagues. Now, newly published photographs of Obama from the 1980s show that the ring Obama wore on his wedding-ring finger as an unmarried student is the same ring Michelle Robinson put on his finger at the couple's wedding ceremony in 1992.

Moreover, according to Arabic-language and Islamic experts, the ring Obama has been wearing for more than 30 years is adorned with the first part of the Islamic declaration of faith, the Shahada: "There is no god except Allah."

[The Shahada is the first of the Five Pillars of Islam](#), expressing the two fundamental beliefs that make a person a Muslim: There is no god but Allah, and Muhammad is Allah's prophet.

Sincere recitation of the Shahada is the sole requirement for becoming a Muslim, as it expresses a person's rejection of all other gods.

Egyptian-born Islamic scholar Mark A. Gabriel, Ph.D., examined photographs of Obama's ring at WND's request and concluded that the first half of the Shahada is inscribed on it. "There can be no doubt that someone wearing the inscription 'There is no god except Allah' has a very close connection to Islamic beliefs, the Islamic religion and Islamic society to which this statement is so strongly attached," Gabriel explained (see Jerome Corsi, [Obama's Ring](#)," WND, October 11, 2012).

[Photographs published last week by the New Yorker](#) from Obama's time at Occidental College, taken by fellow students, indicate that the ring Obama wore three decades ago is the same one he is wearing in the White House.

Gabriel, born to Muslim parents in Upper Egypt, grew up immersed in Islamic culture. He memorized the Quran at age of 12 and graduated in 1990 with a Masters degree from the prestigious Al-Azhar University in Cairo, the pre-eminent Sunni Muslim institution of learning.

He explained that on Obama's ring, the declaration "There is no god except Allah" (La Ilaha Illallah) is inscribed in two sections, one above the other.

On the upper section, "There is no god" is written in Arabic letters, from right to left: Lam, Alif, Alif, Lam, Ha. On the lower section is "except god," written in Arabic letters from right to left: Alif, Lam, Alif, Alif, Lam, Lam, Ha.

In the lower section, the word "Allah" is written partially on top of the word "except," noted Gabriel, the author of "Islam and Terrorism" and "Journey Inside the Mind of an Islamic Terrorist."

It is common in Islamic art and Arabic calligraphy, especially when expressing Quranic messages on jewelry, to artfully place letters on top of each other to fit them into the allotted space.

Is Obama a closet Muslim? Is this the reason for his disastrous foreign policy in the Middle East which is so pro-Islam and anti-Israel? What is the truth?

In an interview during the 2008 presidential campaign, New York Times columnist Nicholas Kristof questioned Obama about his Islamic education in Indonesia, where he lived from 1967 to 1971.

After acknowledging that he once got in trouble for making faces during Quran study classes in his elementary school, Obama recited for Kristoff the opening lines of the Arabic call to prayer, the Adhan. The prayer incorporates the Shahada, the expression of Islamic faith, with each line repeated twice:

Allah is supreme! Allah is supreme!
I witness that there is no god but Allah
I witness that Muhammad is his prophet

"There is no God except Allah" is overlaid on Obama ring, as seen in the following exhibit. The exhibit shows how the Arabic inscription fits over the two parts of the Obama ring.

Why would a President who claims he is "Christian" be wearing a Muslim ring all these decades, even today? Of course, we should remember that Obama's alleged father in Kenya was a Muslim, his step-father was a Muslim, he attended a Muslim school in

Indonesia as a boy, and has said how he loves the Muslim “call to prayer”! If it looks like a duck, walks like a duck, and quacks like a duck *then it’s a duck!*

Take a look at the script on Obama’s ring.

The Manchurian President

Aaron Klein, well-known author of *The Manchurian President*, exposes the background of Barack Obama, America’s 44th president. Klein writes, “Gregory Galluzo, Obama’s first trainer in Chicago, described himself as an Alinsky ‘true believer’...as had Obama’s other teachers at the Gamliel Foundation, Michael Kruglik and Gerald Kellman, who had hired Obama...Galluzo is an ex-Jesuit.”

Says Klein, "Another key Obama staffer is...his chief strategist David Axelrod...Axelrod sat on the finance committee of St. Sabina, the Chicago Parish led by controversial priest Michael Pflieger. . . As a state legislator Obama directed at least \$225,000 toward social programs at Pflieger's church.'

Here is a list of half of the key backers who put Obama in the White House:

"Both men served as his campaign advisors...The first is Marshall Ganz...the second Obama advisor is Peter Dreier. In 1992, Obama served on the funding board of the non-profit Public Allies...Jody Kretzmann headed the Asset-Based Community Development Institute. Public Allies CEO, Paul Schmitz, was an original faculty member of ABCDI.

"The New Party's founders and members...were instrumental in helping facilitate Obama's political career...Founding members included Noam Chomsky, Marxist activist Carl Davidson, sociologist Frances Fox Piven, (acknowledged as the theoretician behind ACORN), feminist Barbara Ehrenreich...The New Party was a creation of Joel Rogers. Rogers' wife Sarah Siskind worked at the same law firm which employed Obama.

The co-founders of Project VOTE! - which Obama ran in Cook County in 1992 - were Sandy Newman...and Zach Polett...Please note members of Project VOTE! include...SDS alumni such as Ayers, Dohrn, Rathke and an endless list of Sixties radicals.

..

'Andy Stern heads the SEIU,, the union that helped corral the industry groups in support of Obama's healthcare "reform"...He is an Executive Committee member of the Democratic Party Auxiliary, America Coming Together, ACT, funded by George Soros...Tom Balanoff's SEIU Illinois Council led the international union to endorse Obama in the Presidential primary.

'Marilyn Katz served on the national finance committee of Obama's presidential campaign...and was close to David Axelrod (who} was mentored by Katz's former SDS comrade, David Rose...Bettylou Saltzman met Obama when he was in charge of Project VOTE!'s registration drive and was 'so impressed, that she took him under her wing, introduced him to wealthy donors and talking him up to David Axelrod...'Several people around Obama have IPS connections including his Chicago mentor, former Congressman Abner Mikva...Don Rose, a mentor to Obama's right-hand man David Axelrod, served in the leadership of the IPS spinoff Conference on Alternative State and Local Policies with Miles Rappaport.

"Rosa Brooks is senior advisor to the Under Secretary of Defense for Policy...Reportedly named for communist heroine Rosa Luxemburg, Brooks is the daughter of Barbara Ehrenreich, who is Honorary Chairwoman of the Democratic Socialists of America. In a 2006 column (she) blamed Israel's actions in the Middle East for fueling anti-American resentment from the Arab world.

“Obama designated longtime personal friend and top campaign fundraiser Julius Genachowski as Chief Commissioner of the FCC...During the 2008 campaign Genachowski served as Obama's chairman of the Technology, Media and Communications policy working group...Kevin Werbach, who co-directed the Obama transition team's Federal Communications Review team is an advisory board member at Public Knowledge, a George Soros-funded public interest group.

“The national campaign director for Campaign for America's Future, Richard Kirsch, has also, since its founding in 2008, served as campaign director for HCAN...Kirsch served as financial director of the Illinois Public Action Council. There he worked with Rahm Emanuel and Jan Schakowsky...Schakowsky's husband Robert Creamer, had written a lengthy political manual while in prison...containing a 'ten point plan for foisting universal healthcare on America by 2009...the Democrats have followed Creamer's plan to the letter.'...Then we have Jeffrey David Blum, founder and co-chair of Health Care For America Now. Beginning in 2001, Blum made a number of contributions to Obama loyalist Schakowsky...Jason Rosenbaum is...Deputy Director of Online Campaigns, Health Care for America NOW...’I think he knows something about health care,’ said Mr. Obama.”

Aaron Klein hints at who Obama is the Manchurian Candidate for. But he dares not reveal a most complicated issue because it puts him in apparent league with the addle-brained, deeply anti-semitic “writers” who, so far, have not deciphered his research. However, in this manipulated reality we must live in, those who love Israel have a most unhappy alliance with those who hate their guts.

Says Barry Chamish, “The majority of those who discovered Obama, groomed him and put him in the White House, were radical Jewish leftists. There are no people as determined to destroy Israel as this very tiny but determined Jewish minority and Obama is doing their dirty work.”

Barry Chamish, Israeli investigative journalist par excellence, analyzes recent American administrations beginning with Carter. He writes, “. . . all recent American Presidents are as bad as each other over Israel. Of the CFR-member chief executives, Carter thinks Israel is an apartheid state while Clinton recently told an audience that all Israelis are rotten except old sabras. His secretary of state wife thinks Israel runs Jim Crow laws against women for making them sit, albeit happily and voluntarily, on segregated buses.”

Barry goes on, “Meanwhile, on the other side of the house, the Bush dynasty was founded by dad and grandad Prescott, who, while working for Brown Brothers Harriman, was a leading American funder of the Nazis both before WWII and during.”

How Did It Happen?

Has America been mugged? Was Barack Obama engineered by Communist and leftist, Socialist and even Muslim infiltrators to become President of the United States? Was all this a plot from the very beginning?

It is high time we rub the sleep from our eyes. The truth is often stranger than fiction!

Jerome Corsi, in a series of articles for World Net Daily, has investigated the background and origins of the Obama phenomenon. He writes, "As a young single woman, Michelle Robinson was a fixture in the home of civil rights leader Jesse Jackson, who along with Rev. Jeremiah Wright 'arranged' her marriage to Barack Obama, according to sources in Chicago who know the couple.

" 'If you want to understand Michelle Obama, you've got to go back to Jesse Jackson,' a woman called 'Robyn' for this article told WND.

"Robyn, who spent several years working for Jackson's Rainbow PUSH Coalition, explained to a WND investigator in Chicago that Michelle Obama 'just about grew up in Jesse Jackson's home.'

" 'Jesse should have charged her rent and board for the amount of time she spent in his home instead of her own,' she said. Jackson's daughter, Santita, is still one of Michelle's best friends. Santita and Jesse Jr. call her 'sis,' short for 'sister.'

[Santita Jackson said in an interview just before Obama took office in 2008](#) that she has known Michelle Obama since they car-pooled together as high school classmates. Santita was maid of honor at Michelle and Barack Obama's wedding, and she is the godmother to the Obama's older daughter, Malia. Robyn also pointed out Jesse Jackson Jr., a Democratic Party member of the U.S. House from Illinois, served as the national co-chairman of Obama's 2008 presidential campaign.

" 'It all relates back to Trinity and to the Jesse Jackson orbit of blacks here in Chicago who gave Obama legitimacy and helped him establish his identity as a black man,' Robyn explained. 'The political left wanted to push a black to the presidency, and the key operatives in the Democratic Party decided long ago it wouldn't be Jesse Jackson (Sr.). Then Jesse wanted it to be his son, but Jesse Jr. has serious drug and mental problems that the world knows about now. These were also known about in the past, and Jesse Jr. was never going to be the black president. So, the political left then chose Obama.'"

In an [interview with the Chicago Sun-Times in August](#), Sandi Jackson admitted her husband, Jesse Jr., was "completely debilitated by depression," which has [forced him to put his Washington home for sale](#) to pay his medical bills, including his treatment at the Mayo Clinic. He has been absent from Congress since mid-June, [putting his House seat at risk in the November election](#).

Jerome Corsi continues, “Obama’s retelling of an event most spouses remember precisely for the rest of their lives has caused confusion. Exactly when and how did he first meet Michelle Robinson? Before [a speech at the New Economic School graduation in Moscow on July 7, 2009](#), Obama stated he first met Michelle in school.

“I don’t know if anybody else will meet their future wife or husband in class like I did, but I’m sure you’re all going to have wonderful careers,” he said, [according to Newsweek](#).

“The problem is that Michelle Obama earned her degree from Harvard Law School in 1988, and Obama did not arrive at Harvard Law School until that fall, graduating three years later in 1991.

“[The commonly accepted story](#) is that they first met in Chicago in 1989, when Barack took a summer job as an intern at the Chicago law firm Sidley Austin, and Michelle, who was employed as a lawyer at the firm, was assigned to be his mentor.”

[World Net Daily reported](#) that Allen Hulton, the U.S. postal carrier who delivered mail to the parents of Weather Underground bomber Bill Ayers in a Chicago suburb, met Obama in the summer of 1989, while Obama was an intern at Sidley Austin.

Corsi goes on, “In 1991, during their engagement to be married, top Obama adviser Valerie Jarrett, then serving as the deputy chief of staff to Mayor Richard M. Daley, hired Michelle to a job in the mayor’s office.

“ ‘Michelle hated working for the city even more than she hated working at Sidley Austin,’ Robyn told WND.

“At the law firm, she lasted so short of a time because they expected her to do work,’ Robyn said. ‘At the City of Chicago, where she worked under Mayor Daley, Michelle had one of those “Jesse hires” positions. These are patronage jobs where the recipients did nothing.’

“Robyn claimed that while working for Daley, Michelle just collected a check, doing very little work. ‘She sat at a desk and read the newspaper all day,’ Robyn said. ‘Sometimes she read romance novel paperbacks. No one could say anything to her because she was a ‘Jesse hire.’ This meant if anyone did complain about her not working that Jesse Jackson would get mad at Daley over that, and there would be trouble.’

“Robyn said Michelle was ‘essentially treated like she was Jesse’s daughter, and Michelle’s connections in Chicago were a key to Obama’s rise to power.’”

Political Connections in Chicago

Political connections played throughout Michelle’s young life in Chicago. Her father, Fraser C. Robinson III, who was diagnosed with multiple sclerosis in his 20s and

eventually walked with the use of crutches, was a volunteer Democratic precinct captain in addition to his job in the boiler room at Chicago's water purification plant.

As Democratic precinct captain, Robinson had power and influence, given his access to "street money" the Daley machine freely handed out at that time in Chicago's South Side to make sure black voters turned out to vote for Democratic Party machine candidates.

Jerome Corsi continues, "The Chicago sources told WND the selection of Michelle Robinson for Obama was made by Jesse Jackson, and Jeremiah Wright agreed it would be a good combination. 'It all relates back to Trinity United and to the Jesse Jackson orbit of blacks here in Chicago who gave Obama legitimacy and helped him establish his identity as a black man "from Chicago,"' Robyn explained.

" 'Michelle came from a political family; she was intelligent even if she didn't really like to work. Wright knew Obama was gay, but he needed the cover of a wife if he were to succeed in politics.'

"A current member of Trinity church who has known the Obamas for 20 years, 'Carolyn,' confirmed Trinity 'helped a lot of blacks get successful and connected.'

" 'That's what Wright did for Obama,' she claimed. 'He connected Obama in the community, and he helped Obama hide his homosexuality.'

"According to Robyn, Jackson explained to Michelle that she would live a life of luxury once Obama was president, and that she never again would have to worry about money.

" 'Michelle was nasty, and most straight guys would never be able to put up with her moods and temperament,' Robyn maintained. 'But Obama really didn't care. Michelle had the credentials and she looked the part. Obama wasn't interested in her for sex.'"

Of course not – for Obama is a closet homosexual. The truth has come out. After being denied, buried, and squelched for years, the facts have become known beyond a doubt during this past year, when Obama has openly declared his support for homosexual marriage and designated June as "Gay Pride Month."

Reports Corsi, "A source WND will identify as Hazel, a long-term member of the Trinity congregation, insisted Obama remained sexually involved with men after his marriage to Michelle. 'I remember being at this function at Reverend Wright's house, one of the many parties Wright had, in 1996,' Hazel recalled. 'I went to the room where all the coats were on the bed, because I wanted to leave. I was surprised to find the light in the room was off and the coats were on the floor,' she said. 'Then I realized there were two men hugging and kissing in there. One of those men was Obama. This was long before anybody knew Obama, before he became famous like he is today.'"

Hazel has been telling this story in Chicago since 1996 – but who listened? It is truly amazing how little people knew about Barack Obama when they suddenly catapulted him from total obscurity to the limelight of the White House, and gave him the powers of the presidency, to bring about his “CHANGE” without any real idea who he is!

Who Is Valerie Jarret?

Writes Corsi, “When Jarrett left Mayor Daley’s office to head Chicago’s Department of Planning and Development, she took Michelle with her. Jarrett later became the chairwoman of the Chicago Medical Center, and Michelle again got ‘a cushy job at the Chicago Medical Center with a salary of \$317,000,’ as reported by Edward Klein on page 117 of his 2012 book *The Amateur: Barack Obama in the White House*.

“*New York Times* reporter Jodi Kantor wrote in 2008 that Jarrett would have to be at the top of a list of people who helped Barack and Michelle Obama. ‘Nearly two decades ago, Ms. Jarrett swept the young lawyers under her wing, introduced them to a wealthier and better-connected Chicago than their own, and eventually secured contacts and money essential to Mr. Obama’s long-shot Senate victory,’ Kantor wrote.

“Klein, in an interview with Fox News, described Jarrett as the ‘de facto’ president of the United States, ‘the best friend of the first lady and soul mate of the president.’”

The Tangled Web

The recently discovered 1979 newspaper article written by Vernon Jarrett, the father-in-law of Valerie Jarrett, opens a new tunnel into the rabbit hole of Obama’s legacy and history. He was a close personal friend of Obama’s Communist mentor Frank Marshall Davis. Jarrett wrote an article in the St. Petersburg Independent, which appeared in the Chicago Tribune Nov.2, 1979, reporting a proposal by Islamic radical and former Black Panther Khalid Abdullah Tariq al-Monsour (a lawyer previously known as Donald Warden), to work on behalf of Saudi Arabia and OPEC to provide \$20 million for 10 years to aid 10,000 minority students each year.

Remarkably, Obama was in Chicago at the time and Jarrett was on the scene seeking funding from the same al-Mansour who had a useful relationship with Saudi Prince Al-Waleed bin Talal, one of the richest men in the world. Very possibly Jarrett helped finance Obama who would later use the connection to get his wife Michelle a job in the Chicago mayor’s office by Valerie Jarrett, Vernon Jarrett’s daughter-in-law.

Interestingly, Percy Sutton, New York power broker and well-known attorney, was later prevailed upon by al-Mansour to write a letter of recommendation for Barack Obama to get him entrance into Harvard Law School.

One wonders, what did the Saudi funders expect in return for funding to help Obama meet his goals? What kind of secret agreement was made? Does this explain

why he bowed to the Saudi king when he first visited Saudi Arabia when he became president?

Does this further explain why Obama has conducted an open-door policy toward the Muslim Brotherhood, allowing them to penetrate the White House, the State Department, and the U.S. military, and his extreme favoritism shown to the Muslim Brotherhood, in helping bring them to power in Tunisia, Libya, and Egypt, to the detriment of future peace in the Middle East?

Joel Gilbert declares, “One thing is certain, Obama comes out of a nexus of people in Chicago that includes not only Frank Marshall Davis and Vernon Jarrett but also Tony Rezko, Valerie Jarrett and the Bill Ayers family.” The evidence leads one to suspect that Obama used all these connections to advance himself politically to the White House.

Obama’s secret agenda viz-a-viz the Muslim Brotherhood threatens the security of the Western world and the Middle East, and poses a distinct threat to world peace.

A Son of Sodom President

But the real picture is even worse. In the Scriptures, God speaks of His end-time people being like ancient Sodom and Gomorrah. Sodomy is making a strategic comeback around the world today, beginning with America. Barack Obama himself is strongly implicated.

In an explosive article, Jerome Corsi probes Obama’s alleged homosexuality, first brought forward in Larry Sinclair’s book *Barack Obama & Larry Sinclair: Cocaine, Sex, Lies & Murder.* This book first opened the doors to Obama’s secret life, during the 2008 campaign for the presidency. It detailed Sinclair’s own experience with Obama’s hidden sexual perversion and cocaine use while an Illinois politician.

Corsi writes: “A prominent member of Chicago’s homosexual community claims Barack Obama’s participation in the “gay” bar and bathhouse scene was so well known that many who were aware of his lifestyle were shocked when he ran for president and finally won the White House.

“ ‘It was preposterous to the people I knew then to think Obama was going to keep his gay life secret,’ said Kevin DuJan, who was a gossip columnist in Chicago for various blogs when Obama was living in the city as a community organizer and later a state senator.

“ ‘Nobody who knew Obama in the gay bar scene thought he could possibly be president,’ said DuJan.

“DuJan, founder and editor of the Hillary Clinton-supporting website HillBuzz.org, told WND he has first-hand information from two different sources that ‘Obama was personally involved in the gay bar scene.’

“ ‘If you just hang out at these bars, the older guys who have been frequenting these gay bars for 25 years will tell you these stories,” DuJan said. “Obama used to go to the gay bars during the week, most often on Wednesday, and they said he was very much into older white guys.’

“Obama, DuJan said, is ‘not heterosexual and he’s not bisexual. He’s homosexual.’”

Jerome Corsi also quotes Investigative journalist Wayne Madsen, who worked with the National Security Agency from 1984 to 1988 as a Navy intelligence analyst, who confirmed DuJan’s claims.

“It is common knowledge in the Chicago gay community that Obama actively visited the gay bars and bathhouses in Chicago while he was an Illinois state senator,” Madsen told WND.

“WND also spoke with a member of the East Bank Club in Chicago, who confirmed Obama was a member there and was known to be a homosexual. The upscale fitness club, which has some 10,000 members, is not a ‘gay’ facility. But it’s one of a number of places where homosexuals meet and engage in sexual activity” (“Claim: Obama Hid Gay Life to become President,” Jerome Corsi, WorldNetDaily, Sept.11, 2012).

Interestingly, a former radical activist John Drew has said that when he met Obama when Obama was a student at Occidental College in California, he thought Obama and his then-Pakistani roommate were “gay” lovers.

Corsi continues his explosive thoroughly researched investigative article, “In addition, rumors have swirled around Obama’s relationship with his personal aide and former ‘body man,’ Reggie Love, [who resurfaced on the eve of the Republican National Convention to support his old boss](#). Love resigned from the White House in November 2011 after compromising photographs of him as a college student received wide circulation.

“WND also has documented in two separate articles, [here](#) and [here](#), that Obama wore a gold band on his wedding ring finger from the time he attended Occidental College through his student days at Harvard Law School.

“DuJan said that during Obama’s first presidential campaign, “there was fear in the gay community” about talking openly about Obama being homosexual, particularly after the murder in December 2007 of Donald Young, the openly gay choir director at

Jeremiah Wright's Trinity United Church of Christ, who was known to be a close friend of Obama.

“ ‘People did not want to talk openly about Obama being gay,’ he said.

“ ‘Then, when we saw how Larry Sinclair was demonized, anybody who would expose Obama worried they would be silenced if they dared to speak the truth about Obama's gay life,’ DuJan said.

‘Obama's secrets’

“DuJan said he has been told ‘Obama's secrets would have to come out just like John Edwards' secrets came out.’ He said Obama stopped going to gay bars and bathhouses in Chicago when he began running for the U.S. Senate in 2004.

“ ‘Back then, Obama could walk around Chicago and people generally wouldn't recognize him, even though he was a state senator in the Illinois assembly at the time,’ DuJan said.

DuJan insisted that while he's a supporter of Hillary Clinton, he holds no personal animus toward Obama. He said he campaigned for Clinton in 2008 ‘because I had waited for years for her to be able to run. I opposed Obama not because I'm a racist, or that I hate Obama, I just knew the type of person Obama associated with in Chicago,’ he said.

“He pointed to Obama's association with convicted Chicago real estate magnate Tony Rezko, Nation of Islam leader Louis Farrakhan and Rev. Wright. ‘Obama was a dirty politician that the media never wanted to vet – that's what concerned me about Obama,’ Du Jan said.” (Corsi, *ibid.*).

Confirmation of these salacious and heinous facts is given by Wayne Madsen who published an article in his Wayne Madsen Report in May 2010 claiming Obama and Chicago Mayor Rahm Emanuel both were members of the same bathhouse in Chicago.

Said Madsen, “President Obama and his chief of staff Rahm Emanuel are lifetime members of the same gay bathhouse in uptown Chicago, according to informed sources in Chicago's gay community, as well as veteran political sources in the city.” He said the bathhouse, “Man's Country,” catered “to older men,” noting “it has been in business for some 30 years and is known as one of uptown Chicago's ‘grand old bathhouses.’”

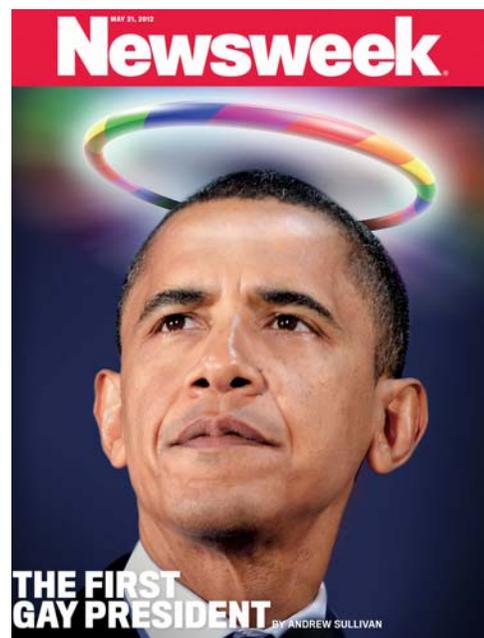

Madsen wrote his powerful, insightful 2010 report after traveling to Chicago to interview bartenders and customers at several “gay” bars.

There are a number of “gay” bars in Chicago where older customers hang out and tell stories about how Obama, prior to 2004, frequently visited to pick up men for sex, including several on Halstead Street, [widely known as an “uber-gay Chicago street.](#)

DuJan has said that rooms at Man’s Country bathhouse are still referred to as the “presidential suite,” or the “Oral Office,” because “the current President used to haunt the place when he was a just another Illinois state senator that no one had ever heard of or cared about.”

Says DuJan. he believes that, someday, “all of this is going to be as public knowledge as JFK’s affair with Marilyn Monroe and the other women he cavorted with while married to Jackie.”

“Someday,” he said, “in the next 10-20 years, everyone will know all about Man’s Country, and the place will no doubt get a plaque of sometime commemorating that place as a gay hangout for the future leader of the free world.”

No wonder Newsweek magazine ran a cover article titled “The First Gay President”!

And no wonder God declares in His Word to modern America, “Hear the word of the LORD, you rulers of Sodom; give ear to the law of our God, you people of Gomorrah” (Isaiah 1:10). And in a prophecy in the Song of Moses, Almighty God declares, of end-time Israel, including the United States, “For their vine is of the vine of Sodom and of the fields of Gomorrah” (Deut.32:32).

The Word of God thunders, “Righteousness exalts a nation, but sin is a reproach [margin, “shame or disgrace”] to any people” (Prov.14:34).

Since taking office, the Lesbian and Gay Victory Institute has published the names of more than 250 openly LGBT (Lesbian, Gay, Bisexual, Transgender) people appointed to office by Obama’s administration. More than all other American presidents combined.

The inherent shame of homosexuality has also infiltrated the American State Department, where the tentacles of the Muslim Brotherhood have influenced U.S. foreign policy.

A Mole in the State Department

It is a fact that Muslim women do not marry Jewish men, unless there's a reason. President Clinton does not officiate at their wedding, unless there's a reason. And Jewish Congressmen are not publicly exposed as sexual deviants, while their wife is touring the Middle East as the senior adviser to Secretary of State Hillary Clinton.

Barry Chamish points out that Anthony Weiner was Israel's most vocal Democrat supporter in Congress: In 2006, he tried to ban the PA delegation from entering the United Nations, stating that the reason the PA is not an official representative of the Palestine Liberation Organization (PLO) is to avoid the parent group's label as an outlawed terrorist organization.

Representative Weiner introduced in Congress in 2007 the Saudi Arabia Accountability Act, designed to “halt Saudi support for institutions that fund, train, incite, encourage, or in any other way aid and abet terrorism, and to secure full Saudi cooperation in the investigation of terrorist incidents.

Declares Barry Chamish, “His stand on Israel awaited a change orchestrated by Pres. Obama and his loyal Secretary of State, Hillary Clinton. Just like Israelis, Americans are mostly incapable of seeing one level below the surface to understand the hatched plot. And the Weiner scandal just screams cynical high level conspiracy at anyone who cares to listen. Shall we begin with his new wife and mother-in-law?”

A Modern-Day Mata Hari

Says Barry, “Her mother, Pakistani-born Saleha Mahmood Abedin, PhD, is an associate professor of sociology at the Dar Al-Hekma College in Jeddah, Saudi Arabia. Since its inception, Dar Al-Hekma College has counted on the blessing of Saudi Arabia’s ruling elite. The King, the crown prince, and one of King Fahd’s wives, Princess Al-Jowhara bint Ibrahim Al-Ibrahim, attended the school’s graduation ceremonies in 2005.

“Arabic-speaking Huma returned to the US to attend George Washington University, earning an internship at the White House, a coveted and prestigious position for the children of the powerful and the rich in America. Her internship put her to work in the office of the First Lady.

“That internship led to Huma’s present position, working at the U.S. State Department for Secretary of State, Hillary Clinton. There she is often singled out not only as an employee, but as a trusted friend of the powerful Clinton family.

“Abedin was born in Kalamazoo, Mich., but her family moved to Saudi Arabia when she was two. She lived there until college, when she attended George Washington University. It appears she never graduated or, at least, no one seems to know in what, but attendance there very quickly landed her a job as an aide in the Secretary of State's office, rising rapidly to the post of chief advisor of Secretary Clinton.”

The very fact that she spent 15 or 16 years in Saudi Arabia [from roughly the age of 2, until roughly the age of 18], and then showed up in the Clinton White House, as an intern, in 1996, at roughly the age of 21, is, in and of itself, a massive security breach. That she then spent another five years in the Clinton White House, and, for most of the last seven years, has been wedded at the hip to Mrs. Clinton, night and day [whether or not illicitly], is an unthinkable compromise of national security.

Suddenly Abedin becomes very wealthy. Says the *Free Republic*:

[How does the child of two university professors \[one of them deceased\], who is single, never married,](#) and living on a clerical salary, in one of the most expensive cities in America, afford to "never... wear the same outfit"?

Much less purchase from the likes of Oscar de la Renta, Catherine Malandrino, Charles Nolan, Prada, and Marc Jacobs? Not to mention Yves Saint Laurent?

How does the child of two university professors [one of them deceased], who is single, never married, and living on a clerical salary, in one of the most expensive cities in America, afford to buy her own "apartment in the vicinity of 12th and U streets"?

What would such an apartment cost? \$500,000? \$750,000? \$1,000,000?
Where is she getting that kind of money? Who is the co-signor on her loan?

Writes Chamish, “You get a choice of sources for her newfound wealth; she was given the dough by a rich lover or she blackmailed it out of her. I'll take the middle route, a bit of both. Without detailing how, for two decades I've known that Hillary Clinton is a lesbian. To take the next step towards solving, at least, part of the mystery, I'll cite two observations from non-rumor mongering sources with credentials.”

According to [villagevoice.com](#), “. . . whisper campaigns are claiming that HILLARY CLINTON is GAYLE KING—ing her aide de camp, the glamorous HUMA ABEDIN, an Indian/Pakistani goddess from Kalamazoo, Michigan. In other words, Hillary may be putting Huma out there in the press and purposely making her more visible as a pre-emptive strike that amounts to her hiding in plain sight. This way, no Republican can later say, "Who is this gorgeous babe who spends so much intimate time with Hillary that the Observer called her Hill's 'body person'? Was GENNIFER FLOWERS's book right about Hillary's sexual taste?" And does either of this couple have the balls to bottom?"

And according to [bigheaddc.com](#), “We're still a bit incredulous on this one, but a top level U.S. Department of Justice official is telling Big Head DC that Michael Musto's rumor about Hillary Clinton fooling around with one of her top female aides Huma

Abedin is based in reality! "I am close enough to Hillary and Huma to tell you that this 'rumor' is true," the official says. "It is well known inside her campaign that Hillary and Huma are an item."

Incredible! Does anybody even care? Abominations in high places leads to a climate of immorality, loss of ethics, poor judgment, lying, blasphemy, and cover ups.

Where Was the Vetting?

Cliff Kinkaid, a well known political writer, says that the head of the Soros-funded Center for American Progress (CAP) is defending controversial State Department official Huma Abedin, a top aide to Secretary of State Hillary Clinton who is suspected of playing a role in Obama Administration "engagement" with the anti-American Muslim Brotherhood.

Says Kinkaid, "Neera Tanden, president and CEO of CAP and Counselor for CAP's Action Fund, has sent out an email defending Abedin and asking that Rep. Michele Bachmann be thrown off the House Intelligence Committee for asking questions about the vetting process that Abedin was supposed to go through."

Kinkaid adds, "Tanden is [a former Obama Administration official](#) whose previous claim to fame was working for the Obama White House to pass Obamacare. Her work at CAP apparently includes supporting the Obama Administration's policy to "engage" with the Muslim Brotherhood. It is believed Abedin is right in the middle of that, by virtue of her position as State Department deputy chief of staff."

CAP is the organization that hired Van Jones before he took his job as White House "Green Jobs Czar" and then re-hired him after his communist background came to light and he lost his job in the administration.

Despite the claims of "witch hunt" and "McCarthyism" that are echoed in the liberal media, especially by [Anderson Cooper of CNN](#), Bachmann and other members of Congress simply want to know whether Abedin's Muslim Brotherhood connections were disclosed and/or examined when she gained access to national security information. The White House and the Obama Administration have stone-walled enquiries stiff-armed those who would attempt to investigate the issue.

The fact is, however, that Abedin "has three family members—her late father, her mother and her brother—connected to Muslim Brotherhood operatives and/or organizations," and that "Her position affords her routine access to the Secretary and to policy-making."

There is nothing worse for the nation than to have traitors and spies for foreign enemy governments positioned in high places in government, putting in place policies that are detrimental to America's best interests!

Traitors and Conspirators

High levels of the American government have been infiltrated by the Muslim Brotherhood and other enemies, including Communists and other haters of the American way of life, America's Christian heritage, and the principles that made America great.

As the prophet Jeremiah wrote, "To subvert a man in his cause, the Lord approves not" (Lam.3:36).

The Word of God declared that if our people, the Anglo-Saxon race, descended from ancient Joseph the son of Jacob and leader of the "lost ten tribes" of Israel, turned away from His covenant, and departed from His laws and statutes, then horrendous curses would befall our people, our nations.

It has begun. As God declared in Leviticus, "I will set My face against you, and you shall be defeated by your enemies. Those who hate you shall reign over you, and you shall flee when no one pursues you" (Lev.26:17-18). God adds, "I will break the pride of your power . . . And your strength shall be spent in vain" (vs.19-20).

In the book of Deuteronomy, God warns, "But it shall come to pass, if you do not obey the voice of the LORD your God, to observe carefully all His commandments and His statutes . . . that all these curses shall come upon you: Cursed shall you be in the city, and cursed shall you be in the country" (Deut.28:15-16).

God thunders, "Cursed shall you be when you come in, and cursed shall you be when you go out. The LORD will send on you cursing, confusion, and rebuke in all that you see your hand to do, until you are destroyed and until you perish quickly because of the wickedness of your doings in which you have forsaken Me" (Deut.28:19-20).

Says the LORD, "The alien who is among you shall rise higher and higher above you, and you shall come down lower and lower. He shall lend to you, but you shall not lend to him; he shall be the head, and you shall be the tail. Moreover all these curses shall come upon you and pursue and overtake you, until you are destroyed, because you did not obey the voice of the LORD your God . . ." (Deut.28:43-45).

There is only one way to avert this tragedy. "Now, therefore, says the LORD, Turn to Me with all your heart, with fasting, with weeping, and with mourning.. So rend your heart, and not your garments; return to the LORD your God" (Joel 2:12-13).

Almighty God thunders in His Word, "Therefore I will judge you, O house of Israel, everyone according to his ways, says the LORD God. Repent, and turn from all your transgressions, so that iniquity will not be your ruin. Cast away from you all the transgressions which you have committed, and get yourselves a new heart and a new spirit. For why should you die, O house of Israel?" (Ezek.18:30-31).

May God give each one of us the grace to repent . . . before it's too late.
